## *Message From the Principal*

Many former Bingham High Students will undoubtedly view with regret the passing of Bingham High. Few, however, would deny the need for more adequate facilities and a broader educational program for the students of the area. It is our sincere hope that this year's senior class and all alumni of "old Bingham High" will consider themselves a part of the New District High School. It should be a source of pleasure for you to view these new facilities and to watch and assist in the formulation of the program. It should be a source of pride for you as citizens and parents to have had a part or to take part in this transition from the past.

Much needs to be done to make the most effective use of our new facilities. Students, teachers, parents and alumni should keep informed of and may be asked to assist in the formulation of policy and the building of the program. As students, you should be concerned with taking the greatest advantage of the facilities and program and with taking a more responsible attitude toward helping make your school a better place in which to learn. Our alumni and parents should strive to inform themselves of the factors that make a strong school and through encouragement and support bring them into being.

Your memories of "Bingham High" will be touched with nostalgia and rightly so. By retaining the best traditions of the past and building new traditions in the present let's make an interesting "blend" for the future memories.

## Chorus

Music was divided into three groups this year -- band, chorus, and glee club. The band and Glee Club plan to play at the Women's Reformatory in Skowhegan twice this year. It will be the first band known in Maine history to play at a reformatory. We have the honor of being host for the Eastern Maine Music Festival in May and will also be in the Sesqui-centennial this summer. All three groups have new music which we are working hard on for our concert in May. We all owe our thanks and appreciation to our director, Mrs. Knight, who has done so much to bring music to our school, and our town.

### 1961 U.K.V.C. CHAMPIONS

The Cavaliers went all the way under Coach Ralph Ryder, winning all six contests. Dick Atwood had a great season with a 4-0 record, one of his victories being a no-hitter, a prize for any pitcher. Jon Guay also hurled a no-hitter for his only game, while Larry Malloy tossed a shut-out in his initial start. Out front in the slugging campaign were John Malloy .434, Dick Atwood .410, and Jimmie West .323. In the final game John Malloy belted a grand slam homer over the left-field fence in Solon driving in four runs and insuring Bingham with a victory and the championship. With eleven letter men returning, it looks as if we might have the cup for a few more years to come. Congratulations, Coach Ryder and team, and good luck in the forthcoming campaign.

The Bingham Cavalettes have put themselves in second place this season. Although the girls did all of the actual playing, the victories would not have been possible without the excellent coaching of Mr. Ryder. On behalf of the team, I wish to express our sincere thanks.

We are losing two fine players this season, Mary Leavitt and Carol Beane. We have some very promising players in the Freshman class, who will be here next season when we will be playing in our new gym.

Suzanne Sterling and Kathy Belanger represented us at the All-Star Game. It was the second time for Sue. She was high scorer for the season with 212 points in 17 games. Barb Pullen, 147 points and Sharon Smith, 117 points also helped us to have such a good season. We hope that next season we can bring home the trophy to help decorate the new trophy case in the new school.

The Bingham average was 36.7 points per game and the opponents average was 27.6 points per game.

## *Eastern Maine Music Festival*

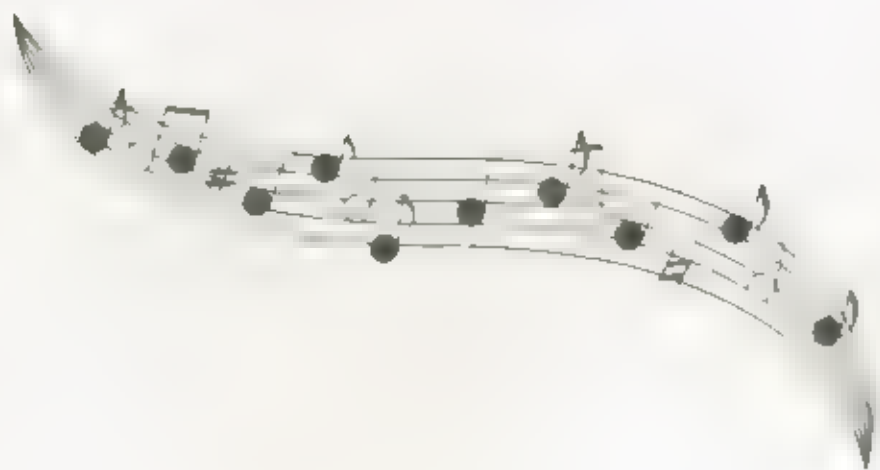

The Eastern Maine Music Festival which is to be held in Bingham on May 12, 1962 is made up of all the bands and choruses in this area. It includes Junior and Senior Bands, Twirlers, Drill Teams, Cheerleaders, mixed choruses, all boy and all girl choruses, and glee clubs. Each year all these schools meet in some town, usually just for the day. This will be the first time in several years that a night concert has been held. The main reason for this was the lack of space for students who live long distances away to stay.

On the night preceding the day's festivities, representatives from all the areas taking part, will play or sing either as soloists or in small groups, not whole bands, as there isn't room and it would constitute mass confusion. All directors will be present with their groups.

The big day for Bingham and surrounding towns will start approximately at eight o'clock. From then until noon auditions will be held for every group, at the Elementary School Gym, the Grange Hall, or the Congregational Church. These auditions are to help each group to overcome their weak points and to better their strong points. Those students who are not busy may visit and listen to others or just walk around the town, buy souvenirs or eat lunch. From twelve o'clock until two will be free time for everyone. Then comes the big parade. All parade participants board buses and ride to the Moscow Elementary School, where the line forms, each group organizing beside their sign. Being the host band, we lead the parade. The destination and end of a big day lies back in Bingham at the Elementary School yard.

To Mrs. Knight we extend our sincere thanks for her hard work in planning and making this event a success.

-- Caryl Ann Forsythe  
President of Sr. Band

## *In Appreciation*

We, the members of the Boreas Staff, wish to dedicate this page of the Boreas to our two very loyal newspaper women, Eva D. Bachelder and Elizabeth Jordan. These two women have been very faithful reporting all town and school news.

Mrs. Jordan, who writes for the Bangor Daily News, has long been our authority on Bingham history, and is also our town's librarian. She is always very interested in the happenings around town and is very prompt in reporting them. Mrs. Jordan thinks not only of the older folks in town, but also of the younger children. Each year a group of first and second grade pupils visit her at the library, where she talks to them about books and reads them stories. Mrs. Jordan has also been very helpful to the high school seniors in the past by helping them with material for term papers. Thank you, Mrs. Jordan, for your keen interest in all the people of our town.

Mrs. Bachelder, who writes for the Waterville Morning Sentinel, is also Bingham's town clerk. Because she has a car it is a little easier for her to get around than it is for Mrs. Jordan, therefore, Mrs. Bachelder takes a great many pictures, especially of our numerous school activities. Whenever there is something going on at school or elsewhere, she is on the spot with her camera. I have also noticed that Mrs. Bachelder NEVER misses our home basketball games! You can always find her smiling face on the right-hand side of the stage in the front row. Thank you, Mrs. Bachelder, for your interest in us and our school and town.

## *Sesquicentennial*

The town of Bingham is located 23 miles N. N. W. of Skowhegan. It was first settled in 1784 and was incorporated February 6, 1812, named in honor of William Bingham. The town has an area of 23,040 acres. The population in 1850 was 752 as compared to 1,300 today.

The year 1962 marks the 150th anniversary of this small New England town. The local Chamber of Commerce has been working hard planning festivities for the summer months.

A beard-growing contest started in January and opened the celebration, followed in May by the Eastern Maine Music Festival. Three days of festivities are in store for everyone in July as the log rollers show us how it's done.

Bands, fire engines, and horses will head a gala parade that citizens will remember for years to come. All this and more. If appointments allow, we will have the honor of a visit and speech from Governor John H. Reed. As we go to press, these are some events you can look forward to.

The Chamber of Commerce and local clubs deserve both praise and congratulations for the time and effort spent in making this a delightful and enjoyable summer for all.

BEST WISHES TO THE TOWN OF BINGHAM ON ITS 150TH BIRTHDAY.
